**WIGGING**

**Class one - Curls, Curls and more Curls**

DANA Its time to start class

DANA we will give everyone 2 minutes and then hold our first contest

DANA of the day ...

DANA Before we begin ...

DANA here are the rules ...

DANA #1 - lets keep all personal chit chat till the end - so our non English speaking friends have an easier time translating

DANA #2 - I will explain a section and then open the floor for questions ...

DANA this allows a great flow of topic - without being confusing

DANA #3 ... Moonyeen is taking notes and transcribing them for me to post on my website

DANA tomorrow morning ..... (or as soon as she has them set)

DANA There are no other notes needed ...

DANA So good Morning everyone! Ready to start?

DANA One way to make sure you are not kicked out of classroom ... is to make sure and answer yes, no or whatever when I ask a question

DANA SOOOooo with that in mind ... (we are almost full - how nice!)

DANA Lets begin ....

DANA CURLS

DANA As I start the wiggig class series (Each Monday at 11am) ...

DANA I want to evolve into hair styles.

DANA BUT first - as always

DANA we need to understand the techniques

DANA in making the actual hair style.

DANA Sooo lets begin with curls

DANA Curls ... are very important tool in wiggig

DANA but often are overused

DANA over curled

DANA and just over ugly <G> hahahah

DANA Think of long strands

DANA of Victorian perfect curls

DANA sticking straight out

DANA on an otherwise beautiful Victorian dress!

DANA Soooooo

DANA Lets learn how to

DANA cut

DANA divide

DANA spread out

DANA pick apart

DANA and TEASE curls

DANA into creating a more realistic hairstyle.

DANA 1. BASIC CURL

DANA There are 3 styles of curls that I create.

DANA Spit curl (the tiny ones around your face)

DANA Tendrils (the soft dreaming ones that escape a bun)

DANA Sausage curls (think little house on the prairie/Victorian hard ringlets)

DANA Questions on what any of 1-3 look like?

DANA I know you are another language - so no worries (you can read the notes ok?)

DANA Alrighty recap:

DANA 3 types of curls

DANA Now to the next section ...

DANA 3 different ways to MAKE curls

DANA A) Make the curl and clamp with flat iron/hair straightener to truly set

DANA B) Make the curls by wrapping around knitting needle and after letting dry about 5 minutes

DANA pull off and let the damp curl loosen by itself

DANA C) Wrap your curl (around a LARGE knitting needle) solid

DANA and cut apart (or pull apart) to make PUFFS of hair.

DANA So to recap:

DANA A) flat iron

DANA B) damp curl

DANA c) puff curls

DANA (and yes I will go into detail about the technique for each).

DANA Did everyone see the 3 techniques for curls (A-C)?

DANA No photos - today is just a warm up class with descriptions and class notes

DANA Alrighty ...

DANA Lets go into curl making techniques ...

DANA A) Take a small section of viscose and gently pull both ends (DO NOT CUT)

DANA until you reached the desired width/length of hair

DANA (this isn't rocket science hahah - no measurements - just trial and error of practice)

DANA In fact --- in class - I usually start out having the girls make 25 curls - and out of that - usually 10 are wonderful to use. BUT they

DANA get a chance to practice).

DANA Ok ... back to Technique A

DANA Take small section of viscose

DANA mist both sides lightly with distilled water and a drop of downey (green is best) and for our foreign friends - this is simply fabric softener

DANA and run viscose thru your fingers.

DANA THEN wrap hair around a knitting needle, (think wrapping floral tape around a flower stem) and repeat

DANA (until the knitting needle is filled)

DANA THEN take your hair straightener (or flat iron - same thing) and clamp on viscose

DANA turn, clam on viscose

DANA turn

DANA until the hair actually becomes shiny then you know it is \*set\*.

DANA The MORE hair (fiber) you put on the knitting needle --- the FATTER the curl

DANA The LARGER the knitting needle - the LOOSE the curl

DANA Questions about Technique A (using a flat iron)?

Jennifer S not about iron, but we have blue Downey, never saw green will that matter?

Karin\_Lambert Does the flat iron work better than air drying or putting in warm oven

DANA Jennifer - not really - I just like the way that green works - seems silkier for some reason <G>

DANA Karin - for me definitely YES!

DANA Alrighty ...

DANA Lets move on to making damp curl styles

DANA If you look at Margo (Deb hahaha) ... the latest class I taught - or can see on my webpage homepage ....

DANA The curls are curls ... but a bit softer

DANA The way I did this ...

DANA was wrap the curls around knitting needle (see directions above)

Marilyn\_filter When you say 10 is that 0 needles fill

DANA BUT after 5 minutes (and no flat iron) I pulled them off dampish

DANA THEN carefully glued them on her head (one at a time) and let the doll dry overnight (i.e. curls)

DANA THEN styled. The weight of the curls softened the ridges/curls and make hair a bit more realistic ...

DANA then straight up \*ironed/ringlets).

DANA (Marilyn --- I ask the girls to make 25 curls - (however many they can fit on a needle) and then choose 10 that are \*perfect\* ...

DANA Now ..

DANA once the damp curls have been attached to the dolls head

DANA the weight of the curls overnight soften the actual ringlet

DANA I can then - next morning - gently pick apart some of the sections

DANA to loosen up the curl

DANA (more on styling the curls in section #3). Right now we are just going over techniques

DANA Alrighty ... the last style is the #3 - PUFF CURLS

DANA If you take a larger knitting needle - say 8 American

DANA and wrap viscose around it ...TIGHTLY

DANA and set the hair with the flat iron

DANA and LET COOL at least 20 minutes

DANA WHEN you pull off this big log type curl

DANA You can actually cut it apart ... in sections ...

DANA and use as Flapper \*C\* type curls

DANA (or pull both ends

DANA and this makes a little type of rat (teased hair)

DANA that can be used under her hair style

DANA on top of her head for buns etc

DANA Alrighty ---- that is the 3 ways to create the curls

DANA A) Flat iron

DANA B) damp curls

DANA C) puff curls

DANA Any questions on making these?

DANA Ok - before I begin on the 3 ways I use curls (style)

DANA Deb --- I know you agreed to a special on viscose hair today - for us ...

whoo hoo

DANA what is it?

DANA (for those that need to purchase)

DANA ALSO .. a BIG Happy hug to Deb Laue of Dragonfly for supporting our classroom for the entire year!!!! THANK OU!!!!

Deb L Any quantity of viscose at the quantity price of \$4 plus \$3 postage no matter how many yards are ordered

DANA Perfect Deb - I just ordered black! hahah - how many colors do you have?

Deb L 10 colors

Deb L Just send me list and paypal funds to me

glory418 thank you Deb

Jennifer S No Fear pricing! We can play with our curl techniques

DANA Awesome! Ok - so ladies - after class - if you want to get hair to use in the next two months of wiggling classes - you now have a source!

DANA Alrighty ...

DANA lets get to the last section of today's wiggling class ... CURLS

Jane Thank you Deb

DANA The 3 STYLING TECHNIQUES

DANA 1. Puzzle piece

DANA 2. Fake height

DANA 3. One continuous motion

DANA For class today ...

DANA we have discussed

DANA 3 kinds of curls ... (spit curl, tendril and sausage curl)

DANA 3 techniques to making these curls (flat iron, damp and puff curls)

Deb L Just send me list and paypal funds to me

DANA Now lets discuss 3 styling techniques

DANA 1. PUZZLE piece ....

DANA This is my favorite.

DANA for this month

DANA on the list

DANA we have lavish Victorian

DANA For anyone trying to duplicate this complicated LOOKING hairstyle

DANA by using one long continuous piece

DANA (make sure you drink lots of wine hahahha)

DANA NO

DANA seriously ...

DANA If you view a hairstyle as a

DANA BASE

DANA Middle (can't think of name)

DANA and frosting

DANA you will dissect the hairstyle

DANA into 3 different parts.

DANA Say a wiggling cross ...

DANA that covers the entire head in hair

DANA 2. Then you glue on a top bun

DANA (which makes it a basic hairstyle)

DANA 3. THEN add some forehead bangs and tendrils (as an accent/frosting on a cake)

DANA Basically --- you see a hairstyle

DANA pick it apart in your minds eye

DANA to all the little puzzle pieces

DANA you need to glue on

DANA to make it a whole hairstyle

DANA Questions on the puzzle piece theory?

DANA Styling #2 ... FAKE HEIGHT

DANA Think Marie Antoinette

DANA or a stylish beehive 60

DANA 60's hairdo

DANA or Gibson girl bulk at the sides

DANA You can achieve all these with different sections of the \*PUFF\* Curl ...

DANA glued on head ... and then teased into combining with a wiggling cross or other curls to make the hair LOOK like one hairstyle.

DANA FOR example ...

DANA Marie Antoinette ...

DANA I like to do a wiggling cross (to cover the whole head with hair)

DANA Then I take one of my larger puff curls ....

DANA glue it to the very TOP front of head ....

DANA and back tease with a corsage pin to give it height.

DANA THEN hairspray the teased curl lightly

DANA and DAB it with your finger to shape it into a round or oval shape

DANA (HINT HINT .. I cover my finger with plastic wrap and then dab the lightly misted hairstyle)

DANA you can shape it all kinds of ways!

DANA Once you get the height you wish ....

DANA simply glue on 3 more lateral curls at the back

DANA (horizontal)

DANA to cover the back of the head!

DANA Add a front curl, tendrils and a whole hairstyle has just been born!

DANA Questions on the THEORY of Fake Height with curls?

Jennifer S when gluing the puff curl, do you glue the end of the curl or the center/curve to the head?

nathalie G what do you do with your wiggling cross hair?

nathalie G you tight them upwards?

DANA Jennifer - yes!

nathalie G before gluing the curls over them?

DANA Nathalie G - I gather at top like Arianna Grande ponytail - wrap with thread and cut off excess. This then gives a base to the PUFF (height curl)

nathalie G ok makes sense ty

DANA You are welcome!

DANA First one -

DANA Continuous motion style!

Jane Oh my goodness yes, thank you

DANA yes!

DANA We had puzzle technique

DANA the Height technique

NathM I don't understand what does it mean

DANA and now ... we will discuss the continuous technique

DANA (or how to pick apart curls to make wavy hair ...

DANA instead of lots of curls hair)

DANA ok?

DANA Here we go ...

DANA This style has a bit of practice before you can achieve it.

DANA Basically what you are doing - is making a larger curl ...

DANA (say on size 5 American knitting needle)

DANA and after the curl is set

DANA you pick it apart with two corsage pins ...

DANA to make into many little wavy strands of hair

DANA Soooo visualize

DANA ONE CURL

DANA then holding it with two corsage pins

DANA using one to gently separate the fibers

DANA so there are lots of wavy hair strands

DANA instead of one big curl

DANA You then glue these sections on doll's head

DANA and you get a wavy continuous flow of hair

DANA Questions?

DANA Alrighty my ladies ... that is class for today! A bit over the 30 minutes ... but I hope you enjoyed and learned something new.

DANA Next Monday is our next wiggling class - as we go into different ways to make buns and braids!

DianaF When I want to make a Grace Kelly style hair with that one curl on the back what kind of curl must I use?

Susie\_M Could Deb repeat the special today?

Conny I would like braids and buns!

Jane Tendril

DANA Perfect! Big hug to all - gotta go to the studio and work! HAPPY CREATING!

Marilyn\_filter How to get info or class notes. Think I missed previous times

Deb L I will post it to the list in a few minutes with a link

<b>EXTRA INFO</b>	<b>from Evening Class</b>
-------------------	---------------------------

DANA This class is on Curls

DANA 3 different kinds

DANA 3 different techniques

DANA 3 different styling techniques

DANA OK .... here are the biz notes

DANA I will be hosting a class each Monday at 11am and 7pm CST at least till the end of the year.

DANA Next week we go into buns, braids and bumps ...

DANA (or the things that give shape to your elaborate hairstyles)

DANA Moonyeen is writing up the notes - to send to me

DANA and I'll post them under LEARN on my website late tomorrow

Notes compiled and edited by Moonyeen Moller - Moonlight Miniatures.
